## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Legacy Land Conservancy

### *Opinion*

We have audited the accompanying financial statements of the Legacy Land Conservancy, (the "Conservancy") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Legacy Land Conservancy as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Conservancy and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board of Directors  
Legacy Land Conservancy

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Conservancy's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Conservancy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Conservancy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

To the Board of Directors  
Legacy Land Conservancy

***Report on Supplemental Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on page 29 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## NOTES TO FINANCIAL STATEMENTS

### NOTE A - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

#### *Nature of Activities*

Legacy Land Conservancy (the "Conservancy") is a not-for-profit corporation, founded in 1971, operating in Washtenaw, Jackson, and surrounding counties in southeastern Michigan. The Conservancy's mission is to protect natural areas, working farmlands and open spaces in the area. The Conservancy accomplishes its mission through three primary activities of acquiring protective interests in conservation land through purchase and donation; advocating for the protection of open spaces; and caring for the land it owns and monitoring land under conservation agreements. The major funding for the Conservancy is derived from donations, grants and fundraising events.

#### *Basis of Accounting*

The financial statements have been prepared on the accrual basis of accounting and otherwise in accordance with generally accepted accounting principles applicable to not-for-profit organizations in the United States of America ("GAAP").

#### *Financial Statement Presentation*

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

**Net Assets Without Donor Restrictions:** Net assets available for use in general operations and not subject to donor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated endowment.

**Net Assets With Donor Restrictions:** Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

#### *Use of Estimates in the Preparation of Financial Statements*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from those estimates.

***Cash and Cash Equivalents***

The Conservancy considers all cash and other highly liquid investments not held in trust with maturity dates of less than three months to be cash equivalents, for the purposes of the statements of financial position classification and statements of cash flows. The carrying value of cash and cash equivalents approximates fair value as a result of the short maturities of those financial instruments.

***Investments***

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statements of financial position. Fair value of marketable equity and debt securities is based on quoted market prices as of the date of the statements of financial position. Contributed securities are recorded at fair value at the date of receipt and generally sold shortly thereafter. Changes in fair value of investments are recorded in the accompanying statement of activities as investment gains and losses. Realized gains and losses are determined based on specific cost identification.

***Fixed Assets***

Fixed assets are recorded at cost if purchased, or if donated, at fair value at the time of receipt. Major improvements and renewals are capitalized, if over \$5,000, while ordinary maintenance and repairs are expensed. Management annually reviews these assets to determine whether carrying values have been impaired. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets, which range from 3 to 5 years.

***Preserves***

The property of the Conservancy consists of parcels of land in southeastern Michigan received at various times from various donors. The Conservancy owns all residual rights associated with these properties. Such property is recorded as revenue and other assets at the time the property is received. The basis of the donation is the fair value of the property as of the date donated as determined by the most recent appraisal prepared by an independent qualified appraiser.

***Conservation Easements and Allowance for Development Rights Extinguished***

A conservation easement is a legal agreement between a landowner and a qualified conservation organization (i.e., the Conservancy) that permanently limits a property's use in order to protect its conservation values. Conservation easements, either purchased or donated, are initially valued at their appraised value. Once the development rights for a specific conservation easement are extinguished, generally immediately after acquisition, a valuation allowance is established to reduce the value of the conservation easement to \$1. This value reflects the lack of marketability related to the easements. The reduction in value due to extinguishment of development rights is reflected as a program expense in the statement of activities and conservation easement valuation expense on the statement of functional expenses.

***Revenue Recognition***

The Conservancy derives its revenues primarily from contributions, bequests and public grants. Contributions, bequests and public grants received are recorded as increases in net assets. All donor-restricted contributions and public grants are reported as increases in net assets with donor restrictions depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

***Compensated Absences***

Vested and accumulated vacation leave is reported as an expense and a liability when the obligation becomes determinable. No liability is accrued for non-vesting rights to receive sick pay benefits.

***Subsequent Events***

Management has evaluated events and transaction for potential recognition or disclosure through December 14, 2022, the date that the financial statements were available to be issued.

***Functional Expenses***

The Conservancy accumulates and records operating expenses according to the nature of the expense that was incurred. These functional expenses are allocated and reported on the statement of activities as program services, management and general, and fundraising. The allocation to these functional categories is based on management's records of time allocated by staff.

***Income Taxes***

No provision for Federal and State income taxes has been made since the Conservancy is exempt under Section 501(c)(3) of the Internal Revenue Code.

The Conservancy files information returns in the U.S. Federal jurisdiction and these returns are generally no longer subject to examination by tax authorities for years before 2019. The Conservancy has not had any business income unrelated to its exempt purpose and, therefore, has not filed income tax returns in any jurisdiction.

NOTES TO FINANCIAL STATEMENTS - Continued

***New Accounting Principles***

In September 2020, the FASB issued Accounting Standards Update (ASU) 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which amends ASC 958-605, to require not-for-profit entities (NFP), as defined in the ASC master glossary, to (1) “present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash and other financial assets” and (2) disclose contributed nonfinancial assets. The ASU is intended to address stakeholders’ concerns related to the lack of transparency regarding an NFP’s measurement of contributed nonfinancial assets and the amount of those contributed assets used in the NFP’s programs and other activities. This ASU was adopted by the Conservancy as of July 1, 2021 and has been applied retrospectively. The adoption resulted in contributions of nonfinancial assets presented as a separate line item on the statement of activities, apart from contributions and pledges. In addition, both total revenue and support and program services expenses increased by \$18,550 and were restated for the year ended June 30, 2021 as a result of this adoption. There was no impact on change in net assets.

***Contributed Nonfinancial Assets***

A portion of the Conservancy's activities is conducted by volunteers without compensation and by professional and business organizations at significantly reduced charges. Support for services contributed is only recognized to the extent such contributions (1) require specialized skills (and are provided by individuals possessing those skills) and are typically purchased if not provided by donation or (2) create or enhance the non-financial assets of the Conservancy. Contributed services recognized comprise professional services from attorneys advising the Conservancy on various land acquisition and easement stewardship legal matters. Contributed services are valued and are reported at the estimated fair value as revenue and expense in the financial statements based on current rates for similar legal services. These contributed nonfinancial assets did not have donor-imposed restrictions. Contributed services were \$39,691 and \$18,500 for the years ended June 30, 2022 and 2021, respectively.

**NOTE B - LIQUIDITY AND AVAILABILITY**

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, are comprised of the following at June 30:

	<u>2022</u>	<u>2021</u>
Cash and cash equivalents	\$ 84,007	\$ 430,671
Investments	572,777	718,065
Pledges receivable	53,451	34,310

Total current assets	733,131	1,199,455
Less restricted pledges receivable	<u>-</u>	<u>(25,000)</u>
Total current assets available for operations	<u>\$ 733,131</u>	<u>\$ 1,174,455</u>

NOTES TO FINANCIAL STATEMENTS - Continued

The Conservancy has available board designated investments of \$1,994,511 and \$696,419 at June 30, 2022 and 2021, respectively, that may be liquidated with board approval. Additionally, the Conservancy has available access to endowments as permitted by the endowment spending policies, as detailed further in Note O.

**NOTE C - CASH AND CASH EQUIVALENTS**

Cash and cash equivalents are summarized as follows for the years ended June 30:

	<u>2022</u>	<u>2021</u>
Petty cash	\$ 746	\$ 796
Demand (checking) accounts	<u>83,261</u>	<u>429,875</u>
Total	<u>\$ 84,007</u>	<u>\$ 430,671</u>

As of June 30, 2022, \$0 of the Conservancy's bank balance of \$83,261 was exposed to custodial credit risk because it was uninsured and uncollateralized.

**NOTE D - INVESTMENTS**

The investments of the Conservancy consist of the following at June 30:

	<u>2022</u>		
	<u>Cost</u>	<u>Fair Market Value</u>	<u>Cumulative Appreciation (Depreciation)</u>

**NOTE E - PLEDGES RECEIVABLE**

The Conservancy receives general Legacy pledges for various projects which totaled \$67,946 and \$14,900 as of June 30, 2022 and 2021, respectfully. The Conservancy established an allowance for uncollectible amounts of 10% of the general pledges receivable balance each of the last two fiscal years. Additionally, the Conservancy holds foundation pledges receivable of \$0 and \$25,000 at June 30, 2022 and 2021, respectively.

During 2022, the Conservancy received substantially all scheduled payments on a timely basis.

Pledges receivable at June 30, 2022 are expected to be collected as follows:

<u>Years</u>	<u>Pledges</u>
2023	\$ 60,246
2024	3,600
2025	3,600
2026	<u>500</u>
Total	67,946
Allowance for uncollectible amounts	<u>(6,795)</u>
Pledges receivable, net	<u>\$ 61,151</u>

Pledges receivable are presented in the statements of financial position as follows as of June 30:

	<u>2022</u>	<u>2021</u>
Current pledges receivable	\$ 53,451	\$ 34,310
Non-current pledges receivable	<u>7,700</u>	<u>4,100</u>
	<u>\$ 61,151</u>	<u>\$ 38,410</u>

**NOTE F - PUBLIC GRANTS RECEIVABLE**

The Conservancy records grants as revenue during the period that the funds were earned, that is, when all eligibility requirements have been met. The grants receivable as of June 30, 2022 and 2021 were \$18,782 and \$12,295, respectively. The grants receivable represent grant dollars earned but not received as of the financial position date. No allowance for uncollectible accounts has been provided as management believes all grants are collectible.

**NOTE G - BENEFICIAL INTEREST IN PERPETUAL TRUST**

The Conservancy is the beneficiary of the Dorothy & Karl Schnearle Fund for Future Farmers and Farmland, a perpetual trust held and administered by a Community Foundation. The endowment permits the Foundation to substitute another beneficiary in place of the Conservancy in the event the Conservancy ceases to exist, or for other various reasons in accordance with the Foundation's bylaws. The Conservancy has withdrawn the spendable balance during the fiscal year. As a result, no amount of the remaining balance is spendable, or recorded on the financial statements, at the end of the fiscal year June 30, 2022. The balance of the Trust is \$63,820 and \$71,451 as of June 30, 2022 and 2021, respectively.

**NOTE H - FIXED ASSETS**

Fixed assets comprised the following at June 30:

	<u>2022</u>	<u>2021</u>

**NOTE I - LAND**

*Preserves*

Preserves of the Legacy Land Conservancy consist of parcels of land in southeastern Michigan received at various times from various donors. Such properties are recorded at fair values as of the date donated, as determined by an independent appraisal. The balance of these accounts is comprised of the following as of June 30:

<u>Description</u>	<u>Acres</u>	<u>2022</u>	<u>2021</u>
With donor restriction:			
Creekshead Preserve (fee simple)	27	\$ 115,000	\$ 115,000

Total with donor restriction	<u>369</u>	<u>\$ 4,597,418</u>	<u>\$ 4,597,418</u>

*Land Held for Resale*

Land held for resale includes projects where the final disposition of the property is not completed. The land may be intended for sale with a conservation easement (or without in the case of portions of acquisitions not requiring protection), to become the property of a State or local government or be financed land acquisitions that, when paid in full, become a part of our nature preserves.

Land held for resale consists of:

	<u>Beginning of Year</u>	<u>Purchase/ Donation</u>	<u>Transfers/ Sales</u>	<u>End of Year</u>
Rinehart Property	<u>\$ 260,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 260,000</u>

The Rinehart Property consists of 20 acres subject to a life estate.

**NOTE J - DEVELOPMENT RIGHTS**

Development rights typically are donated through the gift of a conservation easement. The donation of a perpetual conservation easement which preserves the conservation values of a property deemed to be in the public benefit, such as agricultural land, scenic views, wetlands, forests and unique wildlife habitats, is recognized in the Federal Tax Code and may result in substantial income and estate tax benefits to the donor/landowner.

In situations where charitable tax benefits do not provide sufficient incentives, development rights are purchased rather than donated. This is often the case with farmland preservation programs. The amount paid to and/or donated by the landowner is determined by a "before and after" appraisal of the fair market value of the subject land. Other costs, such as appraisals, surveys, title work and personnel expenditures for securing the easement, are expensed.

When the Conservancy receives a conservation easement, it takes on the permanent responsibility and legal right to enforce the terms of the easement. The Conservancy monitors easements by inspecting the land regularly (yearly in most cases) and maintaining communications with the landowner about future plans in order to avoid conflict with the easement. If a future owner or someone else violates the easement, for example by erecting a building that the easement does not allow, the Conservancy will take action to have the violation corrected, including going to court if necessary. These permanent responsibilities are a long-term cost to the Conservancy.

From its inception, the Conservancy has secured (by purchase and donation) 91 easements:

Secured During the Year Ended June 30, 2022		Total Secured Through June 30, 2022	
<u>Number of Easements</u>	<u>Acres Protected</u>	<u>Number of Easements</u>	<u>Acres Protected</u>
4	140	91	3,999

The total value of development rights acquired during the year is estimated to be \$510,000 of which \$509,996 has been extinguished and reported as an expense.

**NOTE K - FAIR VALUE OF FINANCIAL INSTRUMENTS**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820.10, *Fair Value Measurements*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Conservancy has the ability to access.

## NOTES TO FINANCIAL STATEMENTS - Continued

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022.

*Ann Arbor Area Community Foundation Agency Investment:* Valued at fair value by the Community Foundation for the Conservancy's portion of the Community Foundation's pooled investment.

*Mutual funds:* Valued at the net asset value ("NAV") of shares held by the Conservancy at year end.

*Demand notes:* Valued at carrying value which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Conservancy believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### NOTE L - PAYCHECK PROTECTION PROGRAM LOAN

In the year ended June 30, 2021 and 2020, the Conservancy received \$92,823 and \$90,200 loans under the Paycheck Protection Program ("PPP") administered by a Small Business Administration ("SBA") approved partner. The loans were uncollateralized and fully guaranteed by the Federal government. The Conservancy used the loan proceeds for eligible expenses and met the conditions for loan forgiveness as of June 30, 2022 and 2021, respectively. The Conservancy recognized \$92,823 and \$90,200 as other income for the years ended June 30, 2022 and 2021, respectively.

### NOTE M - BOARD DESIGNATED NET ASSETS

The Board has designated \$1,994,511 and \$696,419 from the Emerald Arc Campaign for unrestricted capacity building reserves at June 30, 2022 and 2021, respectively.

Total net assets with donor restrictions	<u>\$ 6,528,529</u>	<u>\$ 6,899,356</u>

**NOTE O - ENDOWMENT FUNDS**

FASB ASC Topic 958-205 provides guidance on the net asset classification of donor restricted endowment funds for a not-for-profit organization that is subject to the enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 ("UPMIFA"). FASB Topic 958-205 also improves disclosures about an organization's endowment funds (both donor-restricted and board-designated endowment funds) whether or not the organization is subject to UPMIFA.

Interpretation of Relevant Law

The Conservancy has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Conservancy classifies as donor restricted net assets: (a) the original value of gifts donated to the endowment and (b) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

## NOTES TO FINANCIAL STATEMENTS - Continued

In accordance with UPMIFA, the organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund;
- The purposes of the donor-restricted endowment fund;
- General economic conditions;
- The possible effect of inflation and deflation;
- The expected total return from income and the appreciation of investments;
- Other resources of the Conservancy; and
- The investment policies of the Conservancy.

### Investment Approach

The ultimate responsibility for the management of the funds rests with its Board of Trustees. Long term reserve funds and endowment funds are pooled together in the care of and managed by Bank of Ann Arbor Trust division in accordance with approved allocation targets and ranges as follows:

<u>Asset Class</u>	<u>Target</u>	<u>Range</u>
Equities	65%	15-80%
Fixed Income	25%	0-50%
Cash	10%	0-35%

### Spending Policy

**Endowment Fund:** Distributions may be taken annually to fund land and easement stewardship.

**Forever Fund:** Distributions may be taken annually to fund land and easement stewardship and other expenses related to ensuring the integrity of conservation easements and lands owned by the Conservancy.

**Standard Distribution:** Standard distributions shall be made annually, and limited to 4% of the rolling average of the value of the funds over the past 20 quarters.

**Extraordinary Distributions:** Generally, principal will remain in the fund and will not be liquidated, except as described above. However, from time-to-time extraordinary expenses associated with the legal costs of defending or enforcing an easement, or legal costs required to maintain the Conservancy's continued use and operation of its fee preserves, may be incurred. At such times, by a 2/3 vote of the Board of Trustees, the principal of that portion associated with the Forever Fund may be taken as a distribution. Such distributions must be accompanied by a plan to replenish the funds.

Standard distributions shall not be made if the combined value of the Endowment and Forever Funds is less than \$300,000.

**NOTE P - EMPLOYEE BENEFIT PLAN**

The Conservancy maintains a Savings Incentive Match Plan ("SIMPLE") IRA retirement plan. All full-time employees are eligible to participate. To the extent an employee participates by deferring a portion of their compensation into the plan, the Conservancy will match the employee's contribution, up to a maximum of three percent of the employee's compensation. During the years ended June 30, 2022 and 2021, the retirement expense incurred by the Conservancy was \$12,812 and \$8,619, respectively.

**NOTE Q - OPERATING LEASES**

In March 2021, the Conservancy signed an operating lease agreement for a copier. The lease requires monthly payments of \$266 beginning in April 2021 and matures March 2025. Lease expense was \$3,225 and \$798 for the years ended June 30, 2022 and 2021, respectively.

## NOTES TO FINANCIAL STATEMENTS - Continued

Future minimum rentals under the lease are as follows:

Year Ending June 30,	Annual Minimum Lease Payment
2023	\$ 3,191
2024	3,191
2025	<u>2,393</u>
	<u>\$ 8,775</u>

### NOTE R - SUPPLEMENTAL CASH FLOWS INFORMATION

#### *Non-Cash Investing and Financing Activities*

During each of the years ended June 30, 2022 and 2021, the Conservancy acquired development rights on four and one parcels of land below fair market value as determined by a State certified appraiser. The Conservancy recorded the development rights at the fair market value as of the date acquired and recognized \$135,500 and \$1, respectively, in non-cash contribution revenue.

### NOTE S - RISKS AND UNCERTAINTIES

#### *COVID-19*

On March 10, 2020 the World Health Organization declared the coronavirus outbreak (COVID-19) a pandemic. The Conservancy believes it understands the risk associated with COVID-19. The Conservancy has implemented risk mitigation tactics related to their operations within and outside of the Conservancy in response to the risks caused by COVID-19. The extent to which the pandemic impacts other future funding or operations will depend on future developments, which are highly uncertain at this time and cannot be predicted.
